

martin oldgoth – Rider

Please note that I use CD's.

Soundcheck: Whilst I realise that this is not important for DJ's, in fact some venues don't even bother with bands but I'd be happier if you'd allow me a minute or three just to check the decks. Thanks!

Equipment: I'm a man of simple pleasures, give me a good quality twin CD deck, a decent mixer and a loud PA and I'm happy, some space in the booth for CD wallets though is very important!

I do have my own decks if needed, contact me if you require me to bring them.

Extras: A spare plug socket for lamps in the DJ booth is also required; I'll bring my own extension lead and lamps, but if you can provide a spare 'just in case' then that might be a good idea.

Food: Not necessary.

Drinks: They need to be cold. A six pack of decent beer or 6 drink tickets (I'm not fussy, but I'd prefer a good IPA or golden ale, lager is OK if it's not Stella), and some bottled water (6 half litre bottles), will do fine, thanks!

Guest List: I will require at least one guest pass for 'Brigitte Coles' more is nice but not essential.

Advertising: My name should be written in lower case as 'martin oldgoth' on all advertising, and if a link of some sort is required, then please use <http://artistecard.com/DJmartinoldgoth> or mention Mondlicht, thirteen13 radio, or Nostalgia.
